Data Processor

Data Controller

- hereinafter K.I.T. Group –

- hereinafter ICN -

K.I.T. Group, provider of the ICN Congress 2021, is committed to the protection of your personal data and guarantees it according to the German Federal Data Protection Act (BDSG) / EU General Data Protection Regulation (EU GDPR). All data is controlled by ICN and processed by K.I.T. Group. Please note that this translation has only been provided to you for your convenience. Please request the original in German language for a legally binding document. By using this website or this service, personal information and technical data will be collected, stored, processed (and deleted). Please find an overview below:

Profile- / Log-in Data

To use the profile, various personal information must be provided (last name, first name, gender, nationality, email, postal address and password). This data is required to provide individualized access to our services.

Registration

As part of the registration process, various personal information (name, address, contact details, etc.) will be collected as well as information required to complete your booking (desired booking type, participant type, additional booking options, etc.).

Depending upon your booking type and preferences, payment data (account details, credit card details) may be collected as well.

You may also be asked to provide information such as profession, field of study, etc. for statistical purposes.

REACT Fast

As part of the registration process, various personal information (name, address etc.) will be collected as well as information required to complete your booking (desired booking type, participant type, additional booking options, etc.). These data are required to generate the barcode that will allow rapid and smooth registration at the conference venue.

Certificate of Attendance

In order to provide certification, participants' personal data (name, address, occupation, etc.) are required.

Accommodation

As part of the accommodation booking, various personal information (name, address, contact details, etc.) as well as data required to complete your booking (requested hotel, room type, length of stay, etc.) will be collected. Depending upon your booking type and preferences, payment data (account details, credit card details) may be collected as well. In addition to the procedures described in section "Processing & Distribution", personal information and payment data will be forwarded to the respective hotels to secure the booking.

REACT Travel

As part of your booking process, various personal information (name, address etc.) will be collected and transmitted to our respective subcontractor or service provider according to § 11 BDSG (Federal Data Protection Act). The collected data will be used exclusively for the booking process and will not be passed onto third parties under any circumstances.

Abstracts

As part of the registration, various personal information (name, address, contact details, etc.) as well as information required to complete your submission (author status, registration data, membership data, etc.) will be collected.

Furthermore, individual data and documents (scientific abstracts, application forms, supporting documentation, etc.) will be collected. This data may – at the discretion of K.I.T. Group – be made publicly accessible in print or in electronic form such as abstract books, scientific journals, conference programs, online databases and catalogues as well as on related websites.

Conference App

In a conference application functionality, personal data (last name, first name, sex, nationality, email, address) will be made available to other networking participants. The collected data will be used exclusively for the conference and not passed on to third parties.

Travel Grants

As part of the grant application, various personal information (name, address, contact details, passport information, etc.) as well as information required to complete your submission (author status, registration data, membership data, etc.) will be collected.

Also, individual data and documents (scientific abstracts, application forms, supporting documentation, etc.) as well as information on the economic situation (individual / country of origin) may be collected. This data may – at the discretion of K.I.T. Group – be made publicly accessible in print or in electronic form such as abstract books, scientific journals, conference programs, online databases and catalogues as well as on related websites.

ESOS®

As part of **ESOS®** (Exhibition and Sponsorship Ordering System) bookings, various personal information (name, address, contact details, etc.) will be collected. Depending upon bookings and preferences, payment data (account details, credit card details) may be collected as well. Information related to exhibition and sponsorship may be made publicly accessible in print or in electronic form such as conference programs, online listings or overview plans, as well as on related websites.

Leadcapture

As part of the leadcapture service, personal data (name, address, contact information) is collected and disclosed to third parties in the exhibition. These are used by the exhibitors for information and advertising purposes.

Automatic Technical Collection of Data

By using this website, various technical data will be collected automatically. Among this, but not restricted to, is the following information: operating system, browser type and version used, referrer URL, IP address, date and time of access. This data will be saved routinely and deleted automatically after an appropriate period of time. This data may be linked to individual user data.

The use of some services may require the acceptance of cookies (text files that may, for example, contain your preferences and login data to allow automatic log-in and extended functionality). The usage of cookies can be configured in the settings of your computer; where you may also delete them.

Processing & Distribution

All data mentioned above will only be collected as necessary for the provision of the services described (non-optional fields). Additional data may be provided voluntarily (optional fields) to increase the quality of service.

All data is being collected, saved, processed and deleted according to German data protection laws and regulations. Whenever necessary for the provision of services, data may be transmitted to sub-contractors or service providers. This may include transmission of data to other countries, including countries outside the European Union.
